## STARPHIRE

ULTRA-CLEAR™ GLASS

### Interior Glazings

*Starphire* Ultra-Clear™ glass by Vitro Architectural Glass (formerly PPG Glass) provides commercial interior space designers with limitless new design possibilities. The unparalleled clarity and color transmission of *Starphire*® glass make it an obvious choice for any interior glazing application. And the sparkling jewel-like blue edges of *Starphire*® glass set it uniquely apart from ordinary clear glass. Potential uses include side-lights, interior partitions, hand rails, office doors, clerestories and decorative wall panels.

### *Starphire*® glass interiors are “clearly” remarkable:

- New level of visual excitement, brightness, and clarity
- Undistorted color integrity when screen-printed, sand-blasted or acid-etched
- Brings more natural light deeper into interior spaces
- Easily fabricated to required specifications

For any interior glazing application, let *Starphire*® glass set your design apart from the ordinary, by letting its ultra-clear and sparkling personality complement your design.

### Additional Resources

*Starphire*® glass is available in thicknesses from 2.5 mm to 19 mm and is stocked regionally to assure consistent supply reliability.
