

Privacy *in a Switch*

InstaVue™
Switchable Privacy Film

InstaVue™ Switchable Privacy Film

Vitro Architectural Glass presents *InstaVue™*, an advanced switchable interlayer powered by Polymer Dispersed Liquid Crystal (PDLC) technology. Placed between two glass panes, it delivers instant privacy at the push of a button.

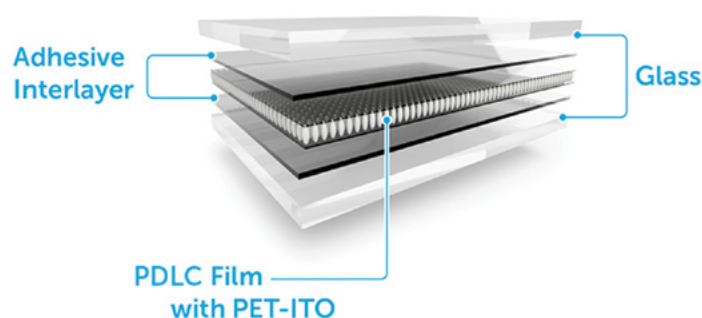

Powered on, the glass is clear

Unpowered off, the glass is translucent

Anatomy of the Polymer Dispersed Liquid Crystal (PDLC) Product

Benefits

InstaVue™ switchable privacy film creates environments that prioritize comfort, efficiency and style, offering:
