Entrance Glazings

Starphire Ultra-Clear™ glass by Vitro Architectural Glass (formerly PPG Glass) provides architects with an entrance glazing option that brilliantly redefines elegance. Starphire® glass is the ideal solution for making your entrance sparkle with new impact, complement the entire building design. Lobbies and reception areas become breathtaking with the uncommon brightness of Starphire®. Starphire® glass doors set a new standard thanks to their jewel-like clarity and sparkling blue edges.

Starphire® entrances are “clearly” remarkable:
• Maximized brightness: 7% higher Visible Light Transmittance (VLT) than ordinary clear glass (in 1/2-inch glass thickness)
• Elimination of greenish tint to express doors’ unprecedented radiance and incomparable clarity
• A new level of creative elegance
• Easily fabricated to required specifications

For exquisite and truly unique entryways, lobbies, and reception areas, Starphire® glass will provide an unmatched combination of function, beauty, and brightness.

Additional Resources

Starphire® glass is available in thicknesses from 2.5 mm to 19 mm and is stocked regionally to assure consistent supply reliability. For Starphire® glass samples or a list of distributors, contact our Architectural Services Hotline at 1-855-VTRO-GLS (887-6457) or visit starphireglass.com.

Vitro Architectural Glass is the first U.S. float glass manufacturer to have its products recognized by the Cradle to Cradle Certified™ program, and offers more C2C-certified architectural glasses than any other float glass manufacturer.

For more information about Starphire Ultra-Clear™ floatglass and other Cradle to Cradle Certified™ architectural glasses by Vitro Glass, visit vitroglazings.com, or call 1-855-VTRO-GLS (887-6457).

Note: Starphire® glass edge color can vary depending on final glass size, glass thickness and ambient lighting conditions. Vitro recommends a full-size Starphire® glass viewing to determine acceptability for final use.
